PROVINCE OF QUÉBEC

BUSINESS for 1968

annual report of the superintendent of insurance

1969

Québec, August 31, 1969

To the Honourable ARMAND MALTAIS, Q. C.
Minister of Financial Institutions, Companies and Cooperatives,
Québec

Sir:

I have the honour to submit herewith the report of the Insurance Branch for the year 1969, published in accordance with the provisions of sections 245 and 259 of the Québec Insurance Act, Chapter 295, R.S.Q. 1964, on the operations of the insurance companies and mutual benefit societies, licensed and registered in the Province, during the year ended December 31, 1968.

In the first section of the report are included the detailed statements of Provincial companies and societies and also abstracts of the financial statements of Canadian, British and Foreign insurance companies and societies. In the second part of the report are given statistics concerning the operations of these corporations in the Province.

Yours very truly,

ROGER-A. CAMARAIRE,
Superintendent of Insurance.

Director, Agents-Brokers Section (Life and General) and Claims Adjusters Section

Georges Dionne
Registrar

The Power of Insurance to Effect our Economy

The past year was a landmark for insurance companies in Québec. For the first time revenue from premiums and contributions surpassed a billion dollars — to be exact $1,123,783,813 — in 1968 alone.

These funds, which are derived from the public, constitute one of the most important reservoirs of capital in our economy, and their influence, although difficult to measure, is felt in a decisive manner. Insurance gives employment to thousands of people and makes available substantial sums which contribute to public purchasing power, not to mention the protection it guarantees for their persons and property.

Dollars collected as premiums and invested by insurance companies in the economy of Québec are in good part responsible for the development and expansion of the province. It should be realized, too, that the fiscal effort expended by the companies constitutes an indispensable contribution to the diverse projects put forward by the Government. Securities issued by the Government and its agencies offer a natural investment for funds administered in trust by companies concerned about giving the Québec public greater control over the economy. In that way, the insurance companies obtain, in the form of security and protection, additional benefits for their clients.

All the insurance companies and mutual benefit associations are to be registered in the department of finances in order to transact business in the Province of Québec and they are licensed by the Insurance Branch. On December 31, 1968, the following enterprises were registered in the Province of Québec:

37—provincial joint stock companies

15—extra provincial joint stock companies

111—canadian federal chartered companies

229—foreign companies

215—parish mutuals

51—municipal mutuals

9—county mutuals

135—mutuals benefit associations

The Superintendent of Insurance exercises continuing surveillance over the operations of insurance companies doing business in Québec. Part of his task is the constant upgrading of standards in those activities he regulates.

Also to be emphasized is the rôle he is called upon to play in a related field, namely the supervision of insurance agents and brokers and claims adjusters through whom the public receives available services. The Québec Provincial Life Underwriters Association and the Insurance Branch issue licenses to the life insurance agents. So, on December 31, 1968, there were:

4118—agents held a certificate from the Québec Provincial Life Underwriters Association

7703—agents held a license from the Insurance Branch.

Since July 1963, general insurance brokers must be a member of the Insurance Brokers Association of the Province of Québec. The brokers holding a license prior of the Act of 1963, remain free to secure a permit or license from the Insurance Branch or the join the association. There were in 1968:

4001—brokers holding a certificate from the Insurance Brokers Association of the Province of Québec.

1896—general insurance agents holding a license from the Insurance Branch.

Claims adjusters, partnership or corporation of claims adjusters must, also, hold a license from the Insurance Branch. We had, in 1968:

755—claims adjusters (individual license)

120—partnerships or corporations licenses (claims adjusters).

In short, insurance exerts a decisive influence on our economy and the Insurance Branch considers the improvement of the quality of its contribution to this field a duty.

Pour chaque classe d'affaires, à l'exception des classes « incendie et automobile », les valeurs dans la colonne «primes acquises (nettes)» ont été calculées en utilisant le rapport des primes acquises au Canada sur les primes écrites, pour ensuite être appliquées aux primes écrites au Québec. Pour les classes « incendie et automobile », les primes acquises (nettes) sont tirées directement des états annuels des compagnies.

For each class, excluding "fire and automobile", values in column "net premiums earned" have been calculated by using the ratio of net premiums earned in Canada to net premiums written, and thereafter by multiplying it by written premiums in Québec. For classes "fire and automobile", net premiums earned are taken directly from the annual statements of each company.
